MISSISSIPPI COLLEGE AND EDUCATION.

This college, located at Clinton, on the V. and M. railroad nine miles west of Jackson, came into the possession of the Baptists of Mississippi forty-one years ago. Before the war between the States suitable buildings were erected, and an endowment, $100,000, was raised. This endowment was swept away by the war but the buildings were saved by incurring a debt of $10,000. Since the war this debt has been paid and during the last two years an endowment fund of $60,000 has been raised. The buildings now need repairs. If the Baptists of Mississippi, to whom this college belongs, do not make these repairs we cannot expect them to be made unless they pass from our possession to the ownership of others.

W. S Webb, who has served the college so faithfully as President for the last eighteen years, has been released from the burdens of this position, and elected to fill a place in the college which does not involve so much responsibility and labor. R. A. Venable, of Memphis, Tenn., has been elected to the Presidency.

The college is well prepared for the work of next session, which begins Sept. 23, 1891. During these forty-one years many have graduated in this school, and a greater number have received valuable instruction These have gone out and become literary and religious instructors in many communities. In this way the college has performed an important part in the development of many neighborhoods in this and other States. Last session there were 250 students enrolled. Thirty-nine of these were ministerial students. Among the many recent improvements there has been established a course in Bible study which will be a blessing to the students taking it, and through them a means of happiness to others who are taught and influenced by them. Thus we see that Mississippi College occupies no mean place in the christian education of this country.

Respectfully Submitted,

J. R. SUMNER.

REPORT OF STATE MISSIONS

Eighteen years ago the State Mission Board was organized by this Convention. The specific work given to this Board by the Convention was:

1. To secure the closest possible co-operation of the churches and district associations with this Convention.

2. To raise money, employ missionaries and supply, so far as possible, the spiritual destitution of the State with the glorious gospel of the blessed Christ.

The motto adopted by this Board, was: "A Baptist church and a Baptist Sunday School in every city, town, village and neighborhood within the territory of this Convention." God has greatly blessed the work of State Missions. The seal of His divine approbation has been stamped upon it The unity of the denominarion, in feeling and in all our christian work has been greatly promoted Practical Co-operation has been secured. Many of the best and ablest of our men have been or are now missionaries of this Convention. Many feeble and struggling churches at important centers of influence have been aided and fostered, until now they are among the most vigorous, prosperous and aggressive churches of the State. Many faithful men of God have gone into the destitute regions of our State bearing the message of life and salvation. Under the Christly labors of these Godly men thousands of souls in the cities, towns and country have been won for Christ. hundreds of churches and Sunday Schools have been organized, and may houses of worship have been built. But the work of State Missions has not yet been accomplished. Much, very much, yet remains to be done. The call for missionaries is coming up from may quarters. To meet these demands larger contributions for the work must be given by our churches During the last Convetion year $9,522 were expended for State Missions. Your committee is of this opinion, that fully $15,000 should be raised during the coming year, and we earnestly urge upon our pastors and churches to see to it that the Board shall have this amount to carry on the work of State evangelization.

On motion, Moderator appoint brethren to write on Prohibition and Documents and Publication. Appointed on Prohibition, J. R. Sumner, on Documents and Publication, W. N. Swain, Jr.

Second. That the Southern Baptist Record, Convention Board Quarterly, Home Field and Foreign Mission Journal be carefully and prayerfully read throughout the bounds of the Chickasaw Association.

Third, That we earnestly urge the great importance of using in our Sunday Schools Kind Words series aud the Sabbath School Literature of the American Baptist Publication Society. We further recommend that they are worthy of our full confidence and hearty support.

That the Clerk of this body have the minutes of the Association printed and di tributed as early as possible, and that the Clerk be allowed $10 for his services.

EVENING SESSION.

The Association reassembled at 1:30. Prayer by W. A. Dunk.

Resumed the discussion of report on Foreign Missions.

On motion the report was amended by changing statement of work done so as to show the amount of this years' work, and as amended was adopted.

FOREIGN MISSIONS.

In a certain sense all missions are foreign missions. All men who are not children of adoption by faith in the Lord Jesus Christ are strangers to God and aliens from the commonwealth of Isreal. Every

gospel appeal to an unregenerate man is an appeal to a foreigner, and every minister who makes such an appeal is doing part of the work of a Foreign Missionary. But in a more specific sense, foreign work is done in far-off regions.

There are immense fields where no gospel instruction has as yet been given. There are millions of living souls in the world who have not yet heard, and of course do not know, that there is any gospel, but we know there is a way of life for the lost. We must remember that these strangers to God and gospel truth are our brethren in the flesh. They have souls and need the gospel and must have it or die in their sins and be lost forever. We need to know and feel, that it is our duty to furnish them a knowledge of the true God and the way of eternal life. It occurs to me that our people, generally, need to know more fully and to feel more powerfully their duty and responsibility in reference to this part of our work. We will not find any more efficient way of bringing our people up to a higher standard of mission work than for our ministers to imbibe more fully the spirit of this work, and become earnest in their efforts in bringing this work before the churches.

The reports from the different churches composing this Association show that twenty of the thirty-nine churches made contributions during the past year; the entire amount being $241.05.

J. T. PITTS, Com.

The report of Executive Board was read by J. R. Sumner, and report of Colporteur by W. L. Souter.

REPORT OF EXECUTIVE BOARD.

Since last Association we have met on Saturday before each fifth Sunday. We have met at the following churches: Cherry Creek, Shady Grove, Spring Hill, Oak Grove. At the meeting in March at Shady Grove, Bro W. L. Souter proposed to travel at his own charges as colporteur, if we would but endorse him as our colporteur. This we did, and agreed to turn over to him the books in hand.

At these meetings we hope great good was done by developing the Missionary and Sunday School interests. We recommend that the same plan be followed in raising the Executive Board that has been followed by the Association for the last two years.

J. R. SUMNER, President.

REPORT OF COLPORTEUR.

DEAR BRETHREN: Since my appointment at the March term of the meeting of the Board I have traveled directly in the work 907 miles visited 181 families and sold 119 books; have also distributed some-

thing over 2000 pages of doctrinal tracts, have attended a number of prayer meetings and given my best efforts to get the churches to organize and sustain Sunday Schools.

STATE OF RELIGION.

Your committee on State of Religion beg leave to submit the following report:

We have carefully examined the letters sent up to your body by the different churches and present the following summary of statistics:

Gain—By baptism, 261; letter, 115; restoration, 17—total, 393.

Loss—By letter, 125; exclusion, 53; died, 38—total, 216. Net gain, 177. Total membership, 2991.

These statistics show a moderate prosperity. Some of the churches report good meetings, gracious revivals, in which they were made to rejoice and may sinners were happily converted. We regret to have to report, however, that many of the churches have contributed but little, some nothing, to the cause of missions, thereby neglecting one of the main duties for which churches were organized by our Saviour.

Brethren, let us be at work while it is day, "for the night cometh when no man can work." By so doing our own souls will be benefitted while here and we will be "laying up treasures in heaven" to be enjoyed by-and-by.

Respectfully Submitted,

M. L. HENRY,
J. B. REED.

The report on Sunday Schools was read by W. R. Farrow.

On motion the report was amended by striking out the Sunday Schools using union literature. Remarks by F. Souter.

On motion the report was adopted.

SUNDAY SCHOOLS.

We regard the following named Sunday Schools as the fruit of obedience to the divine command, "go teach all nations." And as teaching God's word is pre-requisite to salvation, it becomes our duty to teach, and in order to teach successfully we must have a method by which to teach. The Apostle Paul says, "great is the mystery of Godliness." We have a committee of our most learned men studying

this mystery and preparing literature in which the great subject is presented, simplified and explained as much as can be done, so that all who read may understand. Therefore, we recommend the use of Baptist literature only in our Sunday Schools, which can be had in Kind Words literature.

God instituted the Sabbath for man to keep holy. Sunday Schools being accessible to all, rich and poor, learned and unlearned, we commend them to all. In them we have an opportunity to teach and learn God's word. May God speed the day when every church shall have a Sunday School and all be students of God's word.

PROHIBITION.

If asked to write on Prohibition one would naturally ask, prohibition of what? I suppose that I am expected to write on the prohibition

of the traffc in intoxicating drinks as a beverage. Who has the right to enact prohibitory laws? Certainly not this Association for it has no authority over any individual, and can reach the individual only through his church A church cannot for it has no authority over any man. A member of a church may determine to sell intoxicants; his church may exclude him for his sin, but cannot prohibit him pursuing his course. Since his exclusion he is free to act independently of the church. It is our duty to do all we can to create sentiment in favor of temperance and prohibitory laws. It is our privilege and duty to do much in our associational and church work to educate the people to favor prohibition and oppose intemperance.

It is our duty as citizens to help to enact and enforce prohibitory laws. Why should we not oppose that which costs the people living in these United States $900,000,000 and 100,000 human lives annually?

Forty of the seventy-four counties in the State are under prohibitory laws, which are reasonably well enforced. We should take courage and go forward.

We also submit the report of the Ladies Missionary Society of this Association, which has just convened, which shows the great amount performed by these commendable agencies. In some instances doing more than the entire church besides. We refer to them as good examples for our churches in liberal work in the cause of the Master. These reports show a grand total for all purposes raised by them during the last Associational year, $330.35, and we have no means of ascertaining whether or not all the societies have reported.

Respectfully Submitted,

M. L. HENRY.
